

House

Blend

About the Band

kadee's coffee break has been the setting for a regular monthly jam of acoustic musicians since 2000. On the third Thursday of every month, pickers regularly gather at this small coffee shop near downtown Garden City. As friendships and musical interests evolved, splinter groups developed and began performing at various local functions.

"House Blend" is one of those groups. The combination of natural vocal harmony, blended with acoustic stringed instruments, creates a sound that fits various types of music. A moderate bluegrass style, applied to gospel and folk music, provides easy listening entertainment for banquets, receptions and other gatherings.

The music of **"House Blend"** began, and still centers around the coffee shop. **"House Blend"** appears each month on the fourth Thursday evening at *kadee's coffee break*. We hope you enjoy the blended voices and instruments of **"House Blend."**

House Blend

Deann Crase, Bass

Operator of *kadee's coffee break*
